

Low Cost Spay and Neuter Options for Owned Cats

These programs are intended for cats who you own. This is not intended for feral/community cats.

If available for your county of residence, the county specific programs (i.e. programs that are only eligible to residents of that county) are the typically best options. County specific options are not listed for Chatham or Rockingham county.

If a county specific program is not available, or if you do not qualify for the county program, please skip to the non-county specific section on page 4. **Important note about pricing for non-county specific programs/clinics**: The price listed is the base price for a standard surgery. If the cat is in heat, pregnant, has an undescended testical, or any other medical condition that makes surgery more complicated, the cost will be higher at most clinics. If you do not have proof of a rabies vaccine or want to add any additional vaccines when the cat is spayed/neutered, this will also likely result in additional costs. Please review the pricing and policy information in detail on the clinic's website.

This guide is intended as a reference to help community members easily access information about low-cost spay and neuter options in this area. Paws4ever is not affiliated with, nor does it specifically endorse, any of the programs or services listed. Please use your discretion when choosing where to get your pet spayed/neutered. We do our best to keep this list accurate and up to date, but things can change! Be sure to visit the website for each program to confirm current services, restrictions, prices, and availability.

County Specific Programs (Listed Alphabetically by County)

County of Residence	Organization Name	Website	Estimated Cost Per Cat	Basic Information/Requirements
Alamance (and surrounding area)	Burlington Animal Services (BASFIX)	https://www.burlingtonnc.gov/BASFIX	\$20.00	<ul style="list-style-type: none"> - Surrounding Area includes municipalities of Burlington, Elon, Graham, Green Level, Haw River, Mebane, Ossipee, Swepsonville, and the Village of Alamance. - There are income requirements for this program. To qualify, 1) you or someone else in your household must participate in one of the following programs: Adult Medicaid, Child Medicaid (Health Choice), or Food Stamps OR 2) you have a combined gross income (amount before taxes are deducted) for your entire household is at or below 200% of the Federal Poverty Guidelines. - College students who receive any financial support from parents or legal guardians are not eligible for the BASFIX unless their parents also qualify financially.
Caswell	APS of Caswell and Fine Whines and Lickers	https://apscaswell.org/pet-overpopulation-patrol/	\$50.00	<ul style="list-style-type: none"> - Fine Whines & Lickers runs the low cost spay/neuter services in Caswell County on the 4th Monday of each month. - After the pet is dropped off by the owner, they travel in individual carriers in a heated/air conditioned truck to a clinic. After surgery the pet will spend the night on a clean, dry surface for the surgical glue to dry under vet observation, and return to Yanceyville on the following Tuesday morning at 10:00 am. - Paper copy of the pet's rabies vaccination certificate is required (tag is not sufficient). An extra \$10 will be charged for all pets without proper rabies paperwork. - Pet carriers will be provided for owners who do not have them. Some extra services and vaccines are also available for extra cost. - Appointments are required for all services and surgeries. Call APS of Caswell at 336-694-4921 to book an appointment.
Durham	APS of Durham County	https://www.apsofdurham.org/pet-owner-resources/pay-neuter/	Copay amount to be determined based on application.	<ul style="list-style-type: none"> - This program is intended to support low income cat owners.
