

Low Cost Spay and Neuter Options for Dogs

These programs are only intended for dogs who you own. These are not intended for found pets that you do not intend to keep.

If available for your county of residence, the county specific programs (i.e. programs that are only eligible to residents of that county) are the best options. County specific options are not listed for Chatham or Rockingham county.

If a county program is not available, or if you do not qualify for the county program, please skip to the non-county specific section on page 4. **Important note about pricing for non-county specific programs/clinics**: The price listed is the base price for a standard surgery. If the dog is in heat, pregnant, has an undescended testical, or any other medical condition that makes surgery more complicated, the cost will be higher at most clinics. If you do not have proof of a rabies vaccine or want to add any additional vaccines when the dog is spayed/neutered, this will also likely result in additional costs. Please review the pricing and policy information in detail on the clinic's website.

This guide is intended as a reference to help community members easily access information about low-cost spay and neuter options in this area. Paws4ever is not affiliated with, nor does it specifically endorse, any of the programs or services listed. Please use your discretion when choosing where to get your pet spayed/neutered. We do our best to keep this list accurate and up to date, but things can change! Be sure to visit the website for each program to confirm current services, restrictions, prices, and availability.

County Specific Programs (Listed Alphabetically by County)

County of Residence	Organization Name	Website	Estimated Cost Per Dog	Basic Information/Requirements
Alamance (and surrounding area)	Burlington Animal Services (BASFIX)	https://www.burlingtonnc.gov/BASFIX	\$20.00	<ul style="list-style-type: none"> - Surrounding Area includes municipalities of Burlington, Elon, Graham, Green Level, Haw River, Mebane, Ossipee, Swepsonville, and the Village of Alamance. - There are income requirements for this program.
